

## 2011 The Greening of Detroit

On June 4, 2010, several of the Sommers Schwartz attorneys and staff volunteered for their 2<sup>nd</sup> annual tree planting with the Greening of Detroit organization. The Sommers Schwartz crew successfully planted 15 trees in the Rosedale Park area. The work was hard, but rewarding!

Over the next five years, The Greening will embark on massive tree plantings to help reforest areas hardest hit by the Emerald Ash Borer, planting 45,000 trees on neighborhood streets and major thoroughfares.
